

Orchestra

Ref. ORC50

Powerful Intuitive and Ergonomic Remote Controller for Rental and Staging / Multi-venues / Integration

Special tips

The **Orchestra** can be controlled by an external controller from CRESTRON®, AMX® or any major control systems.

ORC50 at a glance

- > Impressive, user-friendly and powerful new Remote Controller
- > Controls simultaneously up to 6 screens in single or multiple display configuration
- > Can store up to 64 presets per screen selection
- > Controls a large number of Analog Way's Seamless Switchers
- > Equipped with a USB port, the complete configuration of the event can be saved for future use.

To control the following Seamless Switchers:

- > DVX8044: Di-VentiX II
- > EKS500: Eikos
- > EKS400: Eikos LE
- > OPS300: OPS300
- > OPS200: OPS200
- > SMX200: Smart MatriX
- > SMX100: Smart MatriX LE
- > PLS300: Pulse
- > PLS200: Pulse LE
- > SVU300: SmartVu
- > SVU200: SmartVu LE

Reference

- > ORC50: Orchestra

External Programming

All Presets can be prepared on the Orchestra and recalled by Control Systems. Templates can be selected and filled by chosen source. Simple and affordable, the Orchestra saves time and money by programming many presets which can be recalled by a third party controller
